

26-23b-101. Title.

This chapter is known as the "Detection of Public Health Emergencies Act."

Enacted by Chapter 155, 2002 General Session

26-23b-102. Definitions.

As used in this chapter:

(1) "Bioterrorism" means:

(a) the intentional use of any microorganism, virus, infectious substance, or biological product to cause death, disease, or other biological malfunction in a human, an animal, a plant, or another living organism in order to influence, intimidate, or coerce the conduct of government or a civilian population; and

(b) includes anthrax, botulism, small pox, plague, tularemia, and viral hemorrhagic fevers.

(2) "Department" means the Department of Health created in Section 26-1-4 and a local health department as defined in Section 26A-1-102.

(3) "Diagnostic information" means a clinical facility's record of individuals who present for treatment, including the reason for the visit, chief complaint, presenting diagnosis, final diagnosis, and any pertinent lab results.

(4) "Epidemic or pandemic disease":

(a) means the occurrence in a community or region of cases of an illness clearly in excess of normal expectancy; and

(b) includes diseases designated by the Department of Health which have the potential to cause serious illness or death.

(5) "Health care provider" shall have the meaning provided for in Section 78B-3-403.

(6) "Public health emergency" means an occurrence or imminent credible threat of an illness or health condition, caused by bioterrorism, epidemic or pandemic disease, or novel and highly fatal infectious agent or biological toxin, that poses a substantial risk of a significant number of human fatalities or incidents of permanent or long-term disability. Such illness or health condition includes an illness or health condition resulting from a natural disaster.

(7) "Reportable emergency illness and health condition" includes the diseases, conditions, or syndromes designated by the Utah Department of Health.

Amended by Chapter 3, 2008 General Session

26-23b-103. Mandatory reporting requirements -- Contents of reports -- Penalties.

(1) (a) A health care provider shall report to the department any case of any person who the provider knows has a confirmed case of, or who the provider believes in his professional judgment is sufficiently likely to harbor any illness or health condition that may be caused by:

(i) bioterrorism;

(ii) epidemic or pandemic disease; or

(iii) novel and highly fatal infectious agents or biological toxins which might pose

a substantial risk of a significant number of human fatalities or incidences of permanent or long-term disability.

(b) A health care provider shall immediately submit the report required by Subsection (1)(a) within 24 hours of concluding that a report is required under Subsection (1)(a).

(2) (a) A report required by this section shall be submitted electronically, verbally, or in writing to the department or appropriate local health department.

(b) A report submitted pursuant to Subsection (1) shall include, if known:

(i) diagnostic information on the specific illness or health condition that is the subject of the report, and, if transmitted electronically, diagnostic codes assigned to the visit;

(ii) the patient's name, date of birth, sex, race, occupation, and current home and work address and phone number;

(iii) the name, address, and phone number of the health care provider; and

(iv) the name, address, and phone number of the reporting individual.

(3) The department may impose a sanction against a health care provider for failure to make a report required by this section only if the department can show by clear and convincing evidence that a health care provider willfully failed to file a report.

Enacted by Chapter 155, 2002 General Session

26-23b-104. Authorization to report.

(1) A health care provider is authorized to report to the department any case of a reportable emergency illness or health condition in any person when:

(a) the health care provider knows of a confirmed case; or

(b) the health care provider believes, based on the health care provider's professional judgment that a person likely harbors a reportable emergency illness or health condition.

(2) A report pursuant to this section shall include, if known:

(a) the name of the facility submitting the report;

(b) a patient identifier that allows linkage with the patient's record for follow-up investigation if needed;

(c) the date and time of visit;

(d) the patient's age and sex;

(e) the zip code of the patient's residence;

(f) the reportable illness or condition detected or suspected;

(g) diagnostic information and, if available, diagnostic codes assigned to the visit; and

(h) whether the patient was admitted to the hospital.

(3) (a) If the department determines that a public health emergency exists, the department may, with the concurrence of the governor and the executive director or in the absence of the executive director, the executive director's designee, issue a public health emergency order and mandate reporting under this section for a limited reasonable period of time, as necessary to respond to the public health emergency.

(b) The department may not mandate reporting under this subsection for more than 90 days. If more than 90 days is needed to abate the public health emergency

declared under Subsection (3)(a), the department shall obtain the concurrence of the governor to extend the period of time beyond 90 days.

(4) (a) Unless the provisions of Subsection (3) apply, a health care provider is not subject to penalties for failing to submit a report under this section.

(b) If the provisions of Subsection (3) apply, a health care provider is subject to the penalties of Subsection 26-23b-103(3) for failure to make a report under this section.

Amended by Chapter 297, 2011 General Session

26-23b-105. Pharmacy reporting requirements.

(1) Notwithstanding the provisions of Subsection 26-23b-103(1)(a), a pharmacist shall report unusual drug-related events as described in Subsection (2).

(2) Unusual drug-related events that require a report include:

(a) an unusual increase in the number of prescriptions filled for antimicrobials;

(b) any prescription that treats a disease that has bioterrorism potential if that prescription is unusual or in excess of the expected frequency; and

(c) an unusual increase in the number of requests for information about or sales of over-the-counter pharmaceuticals to treat conditions which may suggest the presence of one of the illnesses or conditions described in Section 26-23b-103 or 26-23b-104 and which are designated by department rule.

(3) (a) A pharmacist shall submit the report required by this section within 24 hours after the pharmacist suspects, in his professional judgement, that an unusual drug-related event has occurred.

(b) If a pharmacy is part of a health care facility subject to the reporting requirements of this chapter, the pharmacist in charge shall make the report under this section on behalf of the health care facility.

(4) (a) The report required by this section shall be submitted in accordance with Subsection 26-23b-103(2)(a).

(b) A report shall include the name and location of the reporting pharmacist, the name and type of pharmaceuticals that are the subject of the unusual increase in use, and if known, the suspected illness or health condition that is the subject of the report.

(5) A pharmacist is subject to the penalties under Subsection 26-23b-103(3) for failing to make a report required by this section.

Enacted by Chapter 155, 2002 General Session

26-23b-106. Medical laboratory reporting requirements.

(1) Notwithstanding the provisions of Subsection 26-23b-103(1), the director of a medical laboratory located in this state is responsible for reporting results of a laboratory test that confirm a condition or illness described in Subsection 26-23b-103(1) within 24 hours after obtaining the results of the test. This reporting requirement also applies to results obtained on specimens sent to an out-of-state laboratory for analysis.

(2) The director of a medical laboratory located outside this state that receives a specimen obtained inside this state is responsible for reporting the results of any test that confirm a condition or illness described in Subsection 26-23b-103(1), within 24

hours of obtaining the results, provided that the laboratory that performs the test has agreed to the reporting requirements of this state.

(3) If a medical laboratory is part of a health care facility subject to the reporting requirements of this chapter, the director of the medical laboratory shall make the report required by this section on behalf of the health care facility.

(4) The report required by this section shall be submitted in accordance with Subsection 26-23b-103(2).

(5) The director of a medical laboratory is subject to the penalties of Subsection 26-23b-103(3) for failing to make a report required by this section.

Enacted by Chapter 155, 2002 General Session

26-23b-107. Exemptions from liability.

(1) A health care provider may not be discharged, suspended, disciplined, or harassed for making a report pursuant to this chapter.

(2) A health care provider may not incur any civil or criminal liability as a result of making any report under this chapter so long as the report is made in good faith.

Enacted by Chapter 155, 2002 General Session

26-23b-108. Investigation of suspected bioterrorism and diseases.

(1) The department shall:

(a) ascertain the existence of cases of an illness or condition caused by the factors described in Subsections 26-23b-103(1) and 26-23b-104(1);

(b) investigate all such cases for sources of infection or exposure;

(c) ensure that any cases, suspected cases, and exposed persons are subject to proper control measures; and

(d) define the distribution of the suspected illness or health condition.

(2) (a) Acting on information received from the reports required by this chapter, or other reliable information, the department shall identify all individuals thought to have been exposed to an illness or condition described in Subsection 26-23b-103(1).

(b) The department may request information from a health care provider concerning an individual's identifying information as described in Subsection 26-23b-103(2)(b) when:

(i) the department is investigating a potential illness or condition described in Subsection 26-23b-103(1) and the health care provider has not submitted a report to the department with the information requested; or

(ii) the department has received a report from a pharmacist under Section 26-23b-105, a medical laboratory under Section 26-23b-106, or another health care provider under Subsection 26-23b-104(1) and the department believes that further investigation is necessary to protect the public health.

(c) A health care provider shall submit the information requested under this section to the department within 24 hours after receiving a request from the department.

(3) The department shall counsel and interview identified individuals as appropriate to:

- (a) assist in the positive identification of other cases and exposed individuals;
- (b) develop information relating to the source and spread of the illness or condition; and
- (c) obtain the names, addresses, phone numbers, or other identifying information of any other person from whom the illness or health condition may have been contracted and to whom the illness or condition may have spread.
- (4) The department shall, for examination purposes, close, evacuate, or decontaminate any facility when the department reasonably believes that such facility or material may endanger the public health due to a condition or illness described in Subsection 26-23b-103(1).
- (5) The department will destroy personally identifying health information about an individual collected by the department as a result of a report under this chapter upon the earlier of:
 - (a) the department's determination that the information is no longer necessary to carry out an investigation under this chapter; or
 - (b) 180 days after the information is collected.

Enacted by Chapter 155, 2002 General Session

26-23b-109. Enforcement.

The department may enforce the provisions of this chapter in accordance with existing enforcement laws and regulations.

Enacted by Chapter 155, 2002 General Session

26-23b-110. Information sharing with public safety authorities.

- (1) For purposes of this section, "public safety authority" means a local, state, or federal law enforcement authority including the Division of Emergency Management, emergency medical services personnel, and firefighters.
- (2) Notwithstanding the provisions of Title 63G, Chapter 2, Government Records Access and Management Act:
 - (a) whenever a public safety authority suspects a case of a reportable illness or condition under the provisions of this chapter, it shall immediately notify the department;
 - (b) whenever the department learns of a case of a reportable illness or condition under this chapter that it reasonably believes has the potential to be caused by one of the factors listed in Subsection 26-23b-103(1), it shall immediately notify the appropriate public safety authority; and
 - (c) sharing of information reportable under the provisions of this chapter between persons authorized by this chapter shall be limited to information necessary for the treatment, control, investigation, and prevention of a public health emergency.
- (3) Except to the extent inconsistent with this chapter, Sections 26-6-27 and 26-6-28 apply to this chapter.

Amended by Chapter 55, 2011 General Session
